

Industry News from our Labs Expert

As your needs grow, we're continuing to grow cutting-edge technologies and inspections for you. We recently added Medical Device Testing to our service offerings of 60 different tests across more than 30 industries.

This means you have even more reason to partner with our knowledgeable and highly experienced team of technicians and engineers.

As you'll read below, Anshu Chand, our Medical Device Subject Matter Expert, shares more about how we can now help you with all your Lab Services and specifically Medical Device inspection needs.

Even though our reach continues to expand, we remain committed to maintaining our local feel and personalized service. IIA provides accurate results and world-class customer service with some of the fastest turnaround times in the business.

I invite you to learn more about our breadth of inspections, certifications, tests and all-encompassing lab services. Then, give me a call if you have any questions or need our help. Our team stands by you to help mitigate safety issues as well as product, part, and component failures.

Sincerely,

Medical Device Service Highlight

IIA is pleased to announce that we are now assisting manufacturers and engineers in the Medical Device industry. Proper testing and inspection of medical devices, such as apparatus, implantables, and even latex goods is imperative for not only safety but also for mechanical integrity. Our long-standing commitment to providing safety and compliance inspections now transcends into this industry, which aligns with our commitment to expansion and opportunity. Our experts are now offering Inspection, Testing, and Failure Analysis for Classes I, II, and III medical devices.

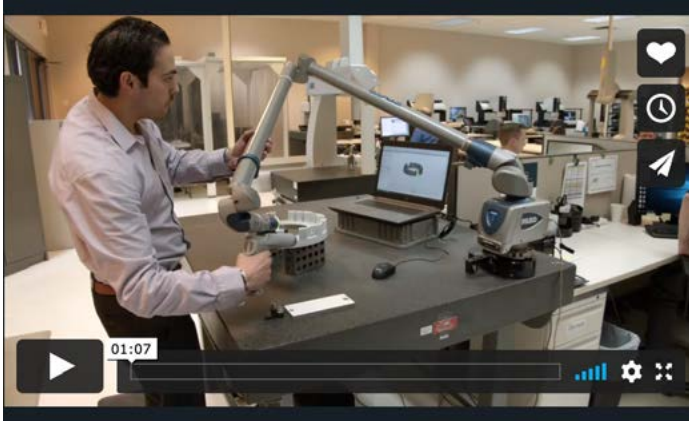

The highly respected IIA name, along with our consistent focus on expanding services and uncompromised quality, allows our customers easy access to faster, more accurate, and more reliable services.

We're looking forward to growing together.

Anshu Chand
IIA Medical Sales Manager
