

## THE LATEST FROM IIA'S LAB SERVICES TEAM

### IIA's EMC Lab Receives Product Approvals for ISED Testing

Need ISED RSS-102 nerve stimulation testing for products sold in Canada? [IIA's Florida lab](#) is one of only a few labs in North America that is approved to complete testing in the 3 kHz to 10 MHz range according to ISED's new requirements. [Learn more.](#)

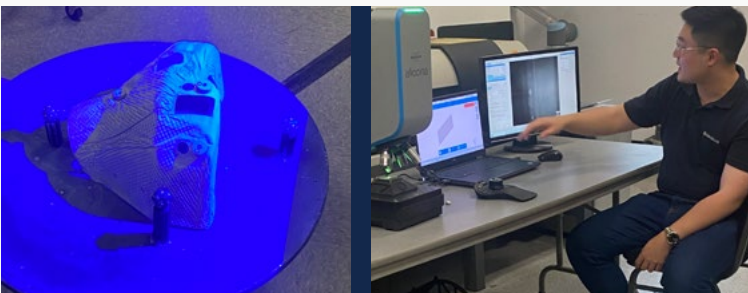

### Lab Team Delivers Data & Convenience to Defense Client

In the field and in the lab, IIA strives to provide story-worthy service on every job. Some days, that means providing a rapid turnaround. Other times it means trouble-shooting an unusual issue. IIA Senior Metrologist [Tony Lowe](#) shares one example (of many) from his 17-year career. [Read more.](#)

### Be in the Know About Polymer Flow

Need to better understand the flow properties of a thermoplastic? A polymer's melt flow index (MFI) provides plastic processors and manufacturers insight into a material's processability. Read our blog post: [Going with the Flow: What You Need to Know About Melt Flow Testing for Thermoplastics.](#)

### Customers Test Cutting-Edge Technologies at September Workshops

In September, IIA partnered with Bruker Alicona to host a highly successful workshop and demonstration focused on customers' unique inspection needs. [Learn more.](#)

### Three Proven Tactics to Ensure Supplier Quality Assurance

When you work with subcontractors to fabricate parts or components, you must be sure that their quality standards are consistent both with your standards and with any regulatory requirements for the finished product. [Read three ways to ensure supplier quality assurance.](#)

## THE LATEST FROM IIA'S LAB SERVICES TEAM - Q4 2024

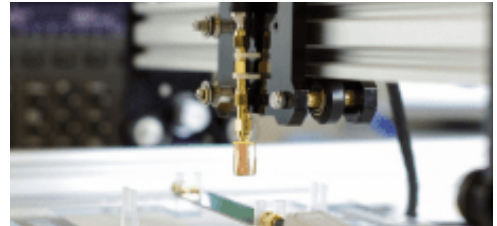

### IIA @ Irvine: Metrology & So Much More

The Lab Services team at IIA has been helping manufacturers perfect their products for decades. Along with standard [metrology](#), our ISO-accredited [Irvine lab](#) offers specialty services ranging from convection chromatic scanning to airfoil analysis, and more.

### Our State-of-the-Art Services Aren't Limited to the Lab

Need to measure a large, heavy structure? Don't want to risk shipping a fragile part? As a full-service provider of laboratory services, IIA is mobile for the times you can't be. Read about our [on-site measurement services](#) and watch [IIA use CMM at a customer facility](#).

### Mark Your Calendar for TCB Council Training & Workshop

Our EMC Lab team looks forward to seeing you at the [TCB Council's RF Exposure Training & Workshop Oct. 14-17!](#) Read about [IIA leadership in the Telecommunication Certification Body \(TCB\) Council](#).

### What our Customers are Saying

"Appreciate the AWESOME Customer Service. If you guys could bottle it, you would all be able to retire."

- Defense Contractor

### Let's Connect

We want to hear from you! Let us know about your latest testing challenges and how we can help. Call us at **866-514-4937** or complete our [online form](#) and we'll get back to you within 24 hours.

Be sure to follow us on [LinkedIn](#) to learn about the latest tools and techniques we're using to solve our clients' problems and make the world safer.
