

THE LATEST FROM IIA

KOVA

 TRIBOLOGIK[®]

We're Growing to Better Serve You

With the recent acquisitions of [Kova Engineering](#) and [Tribologik Laboratories](#), IIA is now the largest third-party lift inspection company in North America! That means more services and faster response times for you. Read more about the addition of [Kova](#) and [Tribologik](#).

Turnkey Testing for Lift Equipment

With Tribologik Laboratories on board, IIA is able to offer a one-stop shop for lift equipment inspections and [lubricant, fuel, coolant and grease testing](#).

IIA in Action

Following a major structural repair, IIA was called to the Port of San Diego to complete an inspection and load test of this Bromma spreader bar. [Read more about IIA's Maritime Lift Services](#).

NDT Brings Hidden Defects to Light

Defects that go undetected can be dangerous and costly. That's why non-destructive testing has become a non-negotiable for many industries. [Read our recent blog post](#).

Your First SAR Test is FREE at IIA!

Through March 31, 2025, IIA is offering your first SAR test with reporting FREE! A value up to \$5,000! Our [Florida lab](#) can test for compliance with local and whole-body SAR limits between 4MHz to 10GHz. Learn more about IIA's [Specific Absorption Rate \(SAR\) testing](#) and call (352) 660-1192 to schedule your FREE SAR testing.

Need insight on Polymer Processability?

For anyone working with thermoplastics, a polymer's [melt flow index \(MFI\)](#) is a valuable and versatile tool for quality control, material selection, and R&D. Read about IIA's full range of [Polymer Analyses](#).

THE LATEST FROM IIA - Q1 2025

Count Us In on Your Outage!

Spring outage season will soon be upon us! [View a brief video](#) to see the A-Z ways that IIA can support your [nuclear plant outage](#) and shutdowns at many other types of [industrial facilities](#).

Meet Nick Reich

A born problem-solver, Nick Reich has helped make Tribologik Laboratories — now operating as IIA Tribologik — the well-oiled machine it is today. [Get to know Nick](#).

Faster Fire Hose Testing

Firefighters have to be ready in a pinch — and so does their equipment. IIA can test up to 20,000 feet of hose in a single day. And that means less downtime for your emergency vehicles. [Read more](#).

Why Engineers Should Learn About Metrology

For any engineer entering the field of manufacturing, it is vital to understand metrology and speak the language of GD&T (geometric dimensioning and tolerancing). [Read 4 reasons engineers should learn more about metrology](#).

What our Customers are Saying

“IIA has been a great service provider -- flexible, understanding, swift and very accurate.” - Transportation Customer

Let's Connect

We want to hear about your inspection and engineering needs. Whether you have a quick technical question or need urgent, on-site assistance, we're here for you. Call us at **470-646-6264** or complete our [online form](#) and we'll get back to you within 24 hours.

Be sure to follow us on [LinkedIn](#) to learn about the latest tools and techniques we're using to solve our clients' problems and make the world safer.
