

THE LATEST FROM IIA'S LIFT SERVICES TEAM

KOVA

 TRIBOLOGIK[®]

We're Growing in Canada!

With the recent acquisitions of [Kova Engineering](#) and [Tribologik Laboratories](#), IIA is now the largest third-party lift inspection company in North America! That means more services and faster response times for you. Read more about the addition of [Kova](#), and [Tribologik](#).

Turnkey Testing for Lift Equipment

With Tribologik Laboratories on board, IIA is able to offer a one-stop shop for lift equipment inspections and [lubricant, fuel, coolant and grease testing](#).

IIA in Action

Following a major structural repair, IIA was called to the Port of San Diego to complete an inspection and load test of this Bromma spreader bar. [Read more about IIA's Maritime Lift Services](#).

NDT Brings Hidden Defects to Light

Defects that go undetected can be dangerous and costly. That's why non-destructive testing has become a non-negotiable for many industries. [Read our recent blog post](#).

Faster Fire Hose Testing

Firefighters have to be ready in a pinch — and so does their equipment. IIA can test up to 20,000 feet of hose in a single day. And that means less downtime for your emergency vehicles. [Read more](#).

What our Customers are Saying

“The crews from IIA do an amazing job. I am very impressed with the professionalism they display in ensuring that we are 100% ready to perform our tasks when they complete theirs.”
