Kimberly Kostelac, Laboratory Supervisor
IIA Lab Services, LLC (Lab #690)
2810 Clark Avenue
St. Louis, MO 63103-2574

Dear Kimberly Kostelac:

The Missouri Department of Natural Resources has received an application for certification from your laboratory to conduct bacteriological analyses for public water systems. Based upon the review of this application and the recommendation of the Laboratory Certification Officer with the Missouri Department of Health and Senior Services, the department hereby certifies the IIA Lab Services, LLC of St Louis, Missouri, under the provisions of the Missouri Safe Drinking Water Regulations to perform bacteriological analyses for the following parameters:

Total Coliform	Fecal Coliform	<i>E. coli</i>	Heterotrophic Plate Count
-----------------------	-----------------------	-----------------------	----------------------------------

Enclosed please find a certificate of approval and a certified parameter list for your laboratory. The certified parameter list references the parameters, methods of analysis, and personnel the department has approved for your laboratory. Your certification will expire on July 31, 2028. This three-year certification is contingent upon no changes of the approved methods, analysts or equipment, and the laboratory's annual demonstration of proficiency.

Thank you for your efforts to comply with Missouri's laboratory certification requirements. Should there be any changes to your certification status, please notify this office within 30 days. Direct any notifications or inquiries related to the approval to Scott Weckenborg of my staff, who may be reached at P.O. Box 176, Jefferson City, MO 65102, or by telephone at 573-526-1124.

Sincerely,

WATER PROTECTION PROGRAM

David J. Lamb, Chief
Public Drinking Water Branch
