

THE LATEST FROM IIA'S LIFT SERVICES TEAM

Under Pressure: Why Routine Fire Hose Testing is Vital

Along with calm heads and courageous hearts, firefighters depend on their equipment to perform in a crisis. Routine fire hose testing can make the difference between a bad day and a tragedy. [Read more.](#)

Need a Rock-Solid Crane Foundation Design?

Our unique blend of civil engineering and crane expertise puts IIA on solid ground when it comes to crane placement and foundation design. We assess foundation reaction forces, soil conditions, and other site-specific factors to develop rock-solid foundation designs. Learn more about our [Structural/Civil Engineering Services](#).

Prevent Storage Rack Failures

Storage racking failures are a significant cause of warehouse-related injuries and fatalities. ASME recommends annual inspection to identify structural damage that can lead to failure, including corrosion, damaged components, and loose anchoring. [Read more.](#)

From Corrosion to Compliance

Just as the right healthcare partner can help you live a longer life, the right inspection partner can help you extend the life of critical equipment. Read why [IIA's Asset Integrity Services](#) are just what the doctor ordered.

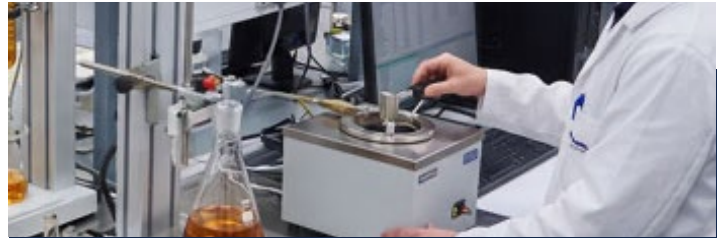

THE LATEST FROM IIA'S LIFT SERVICES TEAM - Q3 2026

NDT: The Unsung Hero of Safety

Since the dawn of the Industrial Revolution, workplace safety has evolved by leaps and bounds. Along the way, the science of non-destructive testing (NDT) emerged as a cornerstone of accident prevention. [Read how NDT protects people, property and the planet.](#)

The Power of Proactive Fluid Analysis

Too often, coolant issues go unnoticed until they turn into equipment damage. A proactive fluid analysis program allows you to catch problems early and extend the life of your equipment. [Learn more.](#)

Why One Pipeline Company Chooses IIA

When a crane's pneumatic hoist malfunctioned right before an outage, IIA provided an immediate response that virtually eliminated downtime for a pipeline company. [Read more.](#)

Consolidate Services & Save

IIA offers a wide variety of services, in the field and in labs across the U.S. and Canada. With over 34 locations, we're closer than you think — and we can consolidate services (such as lift inspections and fluid testing) to save you time and money. [Learn more about IIA's Services.](#)

What our Customers are Saying

"I loved working with [your technician]. He was awesome, he delivered consistently high-quality work with great attention to detail, produced accurate and thorough results, demonstrated pride in workmanship, and maintained high standards I can go on and on..."

- Logistics Coordinator, Georgetown (TX) Fire Department
